

Updated Alcohol Policy 2026

Due to recent state law changes, The Heritage Center has made some changes to our alcohol policy. We have obtained a liquor license and are proud to announce our partnership with Gianna's Elite Mobile Bartending service.

What This Means for Our Rentals:

Because The Heritage Center strives to be a place of community, the cost of the bartending service will be included with your package price.

In accordance with the updated laws, any alcohol served on our premises must come from an established vendor. Gianna's will work with you to create a drink menu for your event that fits your budget and place the order with our vendors.

Gianna's offers flexible payment options:

- Cash bar (guests purchase their own drinks)
- Host covers bar tab in full
- Set a specific dollar amount to provide, anything after that goes to cash bar
